Assembly

Head and Body:

1. Pin the head onto the body for extra support. You may need to add more stuffing as you sew.
2. sew the head onto the body.

Arms:

1. Pin the arms into a forward angle on the side of the body underneath the neck. There are no certain row placements as I just try to decide based on look where the arms should go.

3. Sew them onto the body.

Tip! Closing the seam by crocheting over the opening will make sewing it to the body easier. Also the arms will lay nicely flat, instead of sticking out.

Ears and Horn:

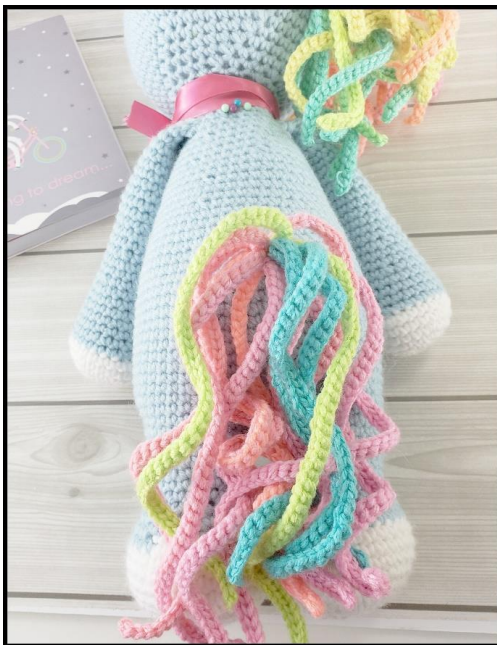

1. Pin the horn onto the head. Sew it on. There is no special row placement for this. I just try to judge based on look.
2. Pin the ears near the horn above the eyes. There is no special row placement for the ears since these are handmade. Not every head comes out stuffed the same. I place them based on the look I want.

Hair:

1. Have the eyes facing you. Pin the mane starting behind the horn going down the side on the left side of the head. Sew it on the head.
2. Pin one back mane piece on the head starting from the horn and going down the back of the head. Place it exactly like a real horse's mane. Sew this one on. Pin the 2nd back mane piece underneath the 1st one and sew on like the first.
3. Wrap the tail into a circle and sew the top together. Pin onto the back of the body and sew it in place. Just like a real horse's tail.
